There are no warranties either expressed or implied which extend beyond those set forth herein. If customer requests warranty service and the problem is caused by the customer (such as clogged drain, improperly installed water hoses, unlevel appliance, blown circuit breaker, etc.) then the customer will be responsible for the cost of the call. Customer will only receive one exchanged item for this warranty. **There are NO REFUNDS.** Items such as self-cleaning mode, leveling legs, broken shelves, cosmetic items, icemakers, water dispensers, fill hoses, and any item resulting from customers misuse or improper installation are not covered under this warranty.

If you take your appliance home in your own vehicle, you understand that only major mechanical errors to parts such as belts, timers, compressors, fans, water pumps, heating elements, lid and door switches are covered under this warranty. If you damage the item during transit or installation, it is not the responsibility of WAS to repair or replace the item.

Should WAS need to make warranted repairs, a service call will be scheduled within three (3) business days of reported mechanical failures and said repairs shall be completed within seven (7) business days from the time all parts are received by WAS. If a third party other than that ordered by WAS works on your appliance, the warranty from WAS is null and void. The warranty is extended to the original purchaser as set forth in the invoice and is not transferrable to subsequent purchasers of the appliance.

**Limit of Liability-** WAS shall not be responsible for any damages caused by appliance failure including, but not limited to, fire, flooding, personal injury, death, damage to personal or real property such as spoiled food, or any other liability whatsoever.
